

## **2022 Corporate Partnership Program**

Thank you for taking a moment to consider this proposal from Ripple Ministries of Snohomish and The Teen Storytellers Project. In these difficult times marked by ramped inflation, wars and uncertain political winds, deciding how to spend your organization's dollars is more difficult than ever. We understand that and are so grateful for your attention to this opportunity to partner with our organization in what we believe will be a win-win relationship helping under-resourced and at-risk teens while furthering the mission of your company and promoting it in a positive light.

We are looking for five companies that would be willing to sponsor the Teen Storytellers Project over the next year for an investment of \$10,000, \$5000 or \$2000. The contribution will help fund the work of training and mentoring young filmmakers for the period of one year starting in August of 2022. Over that year your organization will receive the following:

Whichever package you choose, know that you are partnering with us at the most crucial time in our organization's history. Fall of 2022 will be the first time that The TSP team will have access to work with students who are assigned to incarceration at Denney Juvenile Justice Center. Our consistent work with students participating in Denney's Youth Enrichment Services Programs has earned us the privilege of bringing filmmaking classes to students needing a better view of their future and the knowledge that there are people who believe in each troubled teen enough to make a real effort to teach and mentor them.

\*Each video project for our sponsors will give unique opportunities for our advanced students to assist in the production of professional level
